Russell J. Hall

NOTICES

INVENTORIES are mandatory. They must be filed with the Selectmen on or before April 1st. Forms are distributed with Town Reports. Please note that a description of the property which will enable the assessing officials to locate and identify each parcel is necessary. A phrase such as "Same as last year" or "no change" is not sufficient.

VETERANS should understand that it is **their responsibility** to request forms for tax exemption, and that these must be in the hands of the Selectmen by April 15th, if they are to receive consideration.

THE SELECTMEN will meet in their office on the first Saturday of each month at 7:30 P.M.

THE PLANNING BOARD — To eliminate undue delay in acting on requests by citizens for the services of the Planning Board, this Board will meet at the call of the Chairman.

Any citizens with business for Planning Board action may contact the Chairman or Secretary and a meeting will be called for consideration of the subject mater.

TOWN WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampstead on Tuesday, the Thirteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$8,400.00
Protection of Persons and Property	5,700.00
Health	1,640.00
Highways and Bridges	12,500.00
Libraries	1,560.00
Public Welfare	3,300.00
Patriotic Purposes	350.00
Public Service Enterprises	1,500.00
Interest	500.00
County Tax	10,000.00
	<hr/> \$45,450.00

3. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

4. To hear reports of Auditors and Committees and to act thereon.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

6. To see if the town will vote to raise and appropriate a sum of money not to exceed One Thousand Five Hundred Dollars (\$1,500.00) to paint the exterior of the High School one coat.

7. To see if the town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000.00) for the purpose of installing a new boiler in the High School Building.

8. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for gates and finish layout and road in the West Hampstead Cemetery addition. Cemetery Trustees

9. To see if the town will vote to raise and appropriate a sum of money to place a street light on Route 121, West Hampstead near the residence of George Harvey.

10. To see if the town will vote to accept the roadways known as Eastman Drive and Old Forge Road. By Petition

11. To see if the town will vote to accept State Aid Construction of Class V roads and raise and appropriate, or set aside for said purpose the sum of Two Hundred Thirty-Nine Dollars and Thirty-Six Cents (\$239.36). State's share \$1,595.73.

12. To see if the town will vote to authorize the Selectmen to appoint a recreation commission. Said Commission to consist of five citizens of the town, who shall serve without pay. The two persons first appointed shall serve for three years; the two persons next appointed for two years; the fifth person appointed for one year. Their successors shall be appointed for three years. Vacancies as they occur shall be filled for the unexpired term only.

13. To see if the town will vote to raise and appropriate the sum of Seven Thousand Dollars (\$7,000.00) for the pur-

pose of improving the property purchased by the town in 1961, known as the Shoe Shop property in order that such property may be used for recreational purposes; and for this purpose to authorize the issue of notes or bonds of the town in an amount not to exceed \$7,000.00 under and in accordance with the provisions of the Municipal Bonds Act as amended and to authorize the town to accept the sum appropriated in contributions.

14. To take any and all action that may be necessary and convenient to effect the purposes of any vote passed under the foregoing article.

15. To see if the town will vote to raise and appropriate the sum of Two Thousand Five Hundred Seventy-Eight Dollars for the 1962 note with interest on the new Fire Truck.

16. To see if the town will vote to grant permission to put a 4" splash board in the spill way of Wash Pond permanently. Fire Department

17. To see if the town will vote to amend the Building and Zoning Ordinance as follows: Be it proposed that Article III, General Regulations, All Zones, Section XII which now reads: "A building lot in Zone "A" shall contain a minimum of 20,000 square feet, shall have a frontage on a street, and shall have a width of no less than 125 feet on the street side of the lot. A Waterfront building lot in Zone "B" shall contain a minimum of 7,500 square feet, shall have a frontage on a street, and shall have a width of no less than 75 feet on the street side of the lot. A building lot in Zone "B" other than a waterfront lot shall contain a minimum of 9,000 square feet, shall have a frontage on a street, and shall have a width of no less than 90 feet on the street side of the lot. Lots shall be rectangular in shape if possible."; be amended to read as follows: "A building lot in Zone "A" shall contain a minimum of 20,000 square feet, shall have a frontage on a street, and shall have a width of no less than 125 feet on the street side of the lot. A building lot in Zone "B" shall contain a minimum of 9000 square feet, shall have a frontage

on a street, and shall have a width of no less than 90 feet on the street side of the lot. All lots shall be rectangular in shape if possible."

18. To see if the town will vote to amend the Building and Zoning Ordinance as follows: Be it proposed that Article III, Building Regulations—Zone A, Section XII be amended by adding the following paragraph: "Before any building permit shall be issued, the results of percolation tests taken at the site of any proposed sewage disposal field together with a sketch showing the proposed method of sewage disposal, shall be filed with the Building Inspector. The Building Inspector shall reserve the right to refuse any building permit if in his opinion the method of sewage disposal appears to be inadequate."

19. To see if the town will vote to amend the Building and Zoning Ordinance as follows: Be it proposed that Article III, Building Regulations—Zone A, Section II which now reads: "every dwelling shall have a minimum floor area of 500 square feet outside measurement for each family unit. Steps or ground level terraces shall not be considered a part of the dwelling for the purpose of this section, but all porches and other similar elements, suitable for year round occupancy, shall be considered a part of the dwelling."; be amended to read as follows: "every dwelling shall have a minimum floor area of 750 square feet outside measurements for each family unit. Steps or ground level terraces shall not be considered a part of the dwelling for the purpose of this section, but all porches and similar elements, suitable for year round occupancy, shall be considered a part of the dwelling."

20. To see if the town will vote to accept the donation of One Thousand Dollars (\$1,000.00) made to the town by Cohen Foundation Camps, Inc.

21. To see if the town will authorize the Selectmen to deed the dam and water rights at Sunset Lake to the State of New Hampshire through the Water Resources Board, for the sum of one dollar.

Given under our hands and seal, this twenty-third day of February, in the year of our Lord nineteen hundred and sixty-two.

DORIS M. SPOLLETT
GEORGE L. CHASE
PAUL C. GIBBONS

Selectmen of Hampstead

A true copy of Warrant—Attest:

DORIS M. SPOLLETT
GEORGE L. CHASE
PAUL C. GIBBONS

Selectmen of Hampstead

The polls will be open to vote for Town Officers from 10 A.M. until 9 P.M. The appropriations for the money to be raised will be during the evening hours, beginning at 8 o'clock.

BUDGET OF THE TOWN OF HAMPSTEAD, N.H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1962 to December 31, 1962. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1961 to December 31, 1961.

	Estimated Revenue Previous Year 1961	Actual Revenue Previous Year 1961	Estimated Revenue Ensuing Year 1962

REPORT OF THE FIRE ENGINEERS

In the past year we had eleven fire calls, five grass, one car, two chimney.

Our grass and wood records were very impressive, and we wish to thank the people of Hampstead for being so cautious.

We have had three out-of-town calls: Robert Griffin, poultry house, Atkinson; Carroll Dustin, home, Sandown; woods fire, Sandown.

We have issued twenty-two oil burner permits for the year of 1961.

We were pleased to add a new piece of fire apparatus, bringing the total number of trucks to four, which gives us a pumper and a tanker in each station.

We would like to thank all the organizations and people who kindly donated, making it possible to add more hose to our equipment.

R. ARTHUR JOHNSTON,
Chief of Board of Engineers

REPORT OF FOREST FIRE WARDEN

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose locally in preventing fires. The following is offered with the respectful request for publication in your town report.

Sincerely Merton A. Webber, District Fire Chief

An Appeal from Your Forest Fire Warden

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook—yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness—our carelessness. This, we-you-and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations—hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you:

1. Follow the warden's directions.
 2. Secure the required burning permit.
 3. Keep your fires under control.
 4. Completely extinguish your fires before leaving them.
 5. See that your children are properly cautioned.
- Everyone will benefit by it.

1961 Fire Record

Number of fires—4

Number of acres burned—3

MERTON A. WEBBER,
District Chief

LEVI E. DUSTON,
Forest Fire Warden

REPORT OF THE POLICE DEPARTMENT

The Police Department with pleasure is honored to submit the annual report of its activities to the residents of the Town of Hampstead. The year 1961 has been a very active period with an ever increasing amount of calls in line with a fast growing community. All calls were promptly answered by the department. We derive much satisfaction from the small part that is ours in making Hampstead one of the better towns in which to live.

Department records indicate a total number of nineteen automobile accidents have occurred during the year. The greater number of these accidents have occurred at the junction of Routes 111 and 121A at East Hampstead. A detailed report of these accidents are in the process of compilation and will be submitted to the State Highway Department for study. This report will be published when completed. A careful study of the site has been made during the past summers and indicate that the present method of traffic control is not adequate and we are urging the highway department to carefully survey the situation before the start of our peak traffic season. It is interesting to note that all of the above mentioned accidents have occurred with automobiles traveling in an easterly and southerly direction respectively.

Numerous dog complaints were handled during the year. In January this office was called to Island Pond where a pack of dogs had a female deer down on the ice. The deer was badly torn and chewed and had to be destroyed. As an added note of apathy in this case, when the deer was dressed it was found to be carrying two young. It is brought to the attention of dog owners that law enforcement officers have the right and duty to destroy any dog or dogs found in the process of attacking deer. One only has to witness a deer being torn apart by dogs while alive, that opinion has a tendency to be in favor of the deer.

Officers of the department appeared in court on twenty-nine different occasions, on charges varying from automobile complaints to domestic affairs.

One case of forgery and uttering occurred with a subsequent warrant being held for a Haverhill, Mass. man. This subject is at present confined and will be prosecuted at the expiration of his sentence. Local merchants are urged that in view of the increasing number of bad check cases, that a positive identification is the only sure means of protecting yourselves. It is a known fact that southeastern New Hampshire is in an area of an alarming increase in bad check cases.

Considerable patrol work during the summer months was done. Holiday and weekends necessitate nearly a constant police patrol.

The yearly Halloween Party was held, with the financial assistance of the P.T.A. The department is justly proud and happy to report that for the second year not a single complaint has been received at Halloween.

In July the entire department responded to a call for a drowning at Island Pond. After an hour and a half search in twenty-five feet of water, an eighteen-year-old Reading, Mass. youth was removed from the water by members of the department. The search was conducted in conjunction with State officials, Haverhill, Mass. fire department divers, and local officers.

Appreciation is extended to members of the Department of State Police, County Law Enforcement officers and departments of the surrounding towns. Sincere thanks goes to members of my department for their unselfish performance of duties which are at times unpleasant. With such assistance we can look back to a year of many accomplishments for which we can be proud.

Respectfully,

KENNETH H. CLARK,
Chief of Police

CIVIL DEFENSE REPORT

Operation Alert 1961 was held on Friday, April 28, 1961 at 3:00 P.M. when the warning signal was sounded on the Fire House siren. The Take-Cover signal was given at 4:00 P.M. and the All Clear at 4:30 P.M. Radio and Television were off the air from 4:00 P.M. to 4:30 P.M. while the Conelrad System was in effect.

The Police Department cooperated to the fullest.

School children did not take part in this operation as the school was emptied prior to the test.

Later during the year, at the request of Mr. Seth O'Shea, principal of the Central School, your director made a personal survey of the school as to the possibility of its use as a fallout shelter in the event of nuclear attack during school hours, not allowing time to transport the pupils to their homes.

After submitting findings to the State of New Hampshire Safety Officer in Concord, it was found that the north side of the lower level would offer approximately 90% protection from fallout, to the entire school attendance. (Do not confuse fallout protection with blast protection. Blast damage increases with the nearness to the center of the explosion area.)

A detailed report was handed Mr. O'Shea for his guidance on October 3, 1961.

Your director has attempted to keep you informed, via the press, as to various phases of survival during nuclear attack. The Haverhill Gazette and the Haverhill Journal have been most generous in allotting space for this information.

A State-wide meeting of Civil Defense personnel was held at Concord, N.H. on Sunday, October 29, 1961. Governor Wesley Powell presided. Four members of our C.D. Unit attended this meeting.

Civil Defense literature was distributed during the year, including "How to Survive Nuclear Attack," "Facts About Fallout," "Rural Family Defense," "Hand Book for Emergencies," and "How to Build a Fallout Shelter."

Our Civil Defense Unit now has in its possession a set of Radiological Instruments to measure fallout content in the air. To learn how to operate these meters, it will be necessary for those who have volunteered to man them, to go to school two nights a week for five weeks. We have not been assigned to a school as yet. At the time of writing this report, we have had only three volunteers. "More are needed."

After January 1, 1962, the State Civil Defense Headquarters will be in close cooperation with the U.S. Army and will be housed with them in the State Armory in Concord, N.H.

Your director once again expresses his appreciation of the cooperation displayed by our Town Civil Defense members.

Any club or organization in Town wishing to see Civil Defense movies, kindly contact Tom Root or me.

Respectfully submitted,

WILLIAM J. MADDEN,
Director

PLANNING BOARD REPORT

Your Planning Board started in to work real early this year, having had its first meeting January 2, 1961. At this meeting, the Board worked on the proposed House Trailer and/or Mobile Home Ordinance. This was subsequently voted on, favorably, at the Annual Town Meeting on March 9th, 1961, and is now known as Section XII of the Building and Zoning Ordinance of the Town of Hampstead.

During the year several new subdivisions were approved, among which were: a five (5) lot development of the Bailey Property on Wash Pond Road; Orchard Park on Route 121A, East Hampstead; Duston Shores on Island Pond and Holiday Lane; and The Gibbons' Development on Sunset Lake.

The Planning Board is pleased with the adherence the developers have given to that part of the ordinance requiring stone markers to be imbedded in the ground, delineating the various boundaries and curves of streets and properties in new subdivisions.

This operation saves the Town considerable future expense as the Town will not have to re-survey the streets, etc. later.

Your Board is of the opinion that the requirement in the Subdivision Control Regulation calling for eight inches of gravel as a road topping is inadequate, and it is recommended that twelve inches of gravel be required in the future.

Considerable thought has been given to the necessity of having proper percolation tests applied to the ground so that an adequate system of sewage disposal may be installed for new homes and other new buildings.

Respectfully submitted,

WILLIAM J. MADDEN,
Chairman

SYNOPSIS OF RULES AND REGULATIONS WEST HAMPSTEAD CEMETERY ADDITION

The following rules and regulations shall be observed and enforced in this Cemetery:

1. No lot shall be sold to anyone who is not a legal resident of the town of Hampstead.

2. No lots shall be sold without perpetual care. The cost of said lots shall be as follows: (A) Single lots shall be \$40.00 including p. c. (B) Double lots shall be \$75.00 including p. c. (C) Four graves lots shall be \$125.00 including p. c. All moneys from the sale of said lots shall be turned over to Trustees of trust funds and credited to Cemetery trust funds. The interest only from moneys so invested in conjunction with such moneys as may be raised by appropriation shall be used for the maintenance of said Cemetery.

3. All lots shall be sold consecutively as to section. Sect. A 1-2-3, B 1-2-3, etc., not at random throughout the Cemetery.

4. Reservations will be made only on a deposit of \$100.00 and the balance in six months, but no deed shall be issued until final payment is made.

5. Only one burial can be made in a lot until the deed is issued and this is subject to immediate removal by order of the Trustees upon failure to comply with the conditions of sale and said lot shall be forfeited with all moneys that may have been paid thereon. The Trustees may cause the body that has been interned to be removed to such section of the Cemetery as may be selected by them.

6. No Grave shall be opened for internment or removal by any person or persons other than the Sexton or someone in his employ.

7. No person other than the owner, except the Sexton or his employees, shall be allowed to perform any work on any lot or parcel of ground within the Cemetery without a permit from the Sexton. Therefore all work done on lots except by the owner must be done by the Sexton or someone employed by him under his supervision.

8. No owner or other person shall be allowed to maintain a lot at any other grade or cause the same to be graded in any other manner than that established by the Trustees. The Sexton is authorized to grade lots, furnish materials and perform any other labor thereon which the owner may desire. Applications for materials and labor must be made in writing to the Sexton who may contract for annual care of lots.

9. No monument, headstone, curbing or other structure will be allowed to be erected unless it rests on a foundation built of solid masonry with good cement or mortar and from 2 to 6 feet deep, and finished 2 inches below grade as the Sexton shall direct, unless the Sexton, with the approval of the Trustees, grants special permission in writing to erect small stones upon a less substantial foundation. Only one monument will be allowed to a lot.

10. No tablet or other device of wood, fences or hedges are permitted.

11. No curbings around lots, corner posts above grade, platforms, urns, steps or buttresses will be allowed, except by approval of the Trustees.

12. Markers with rough butts must extend at least one foot into the ground and be dressed on the lower end so as to stand plumb on level foundations. Monuments or markers are not allowed until lot is paid for in full.

13. Flowers, wreaths, flags, etc., left on the graves of lots will be removed as soon as possible after they fade.

14. Trees, shrubs or flowers that may be donated shall not be planted on lots but may be planted on land provided for same by the Trustees.

15. No internments shall be made without the use of a so-called liner or vault.

16. The Sexton having care of the Cemetery is authorized to remove all persons who violate Cemetery regulations and is directed to cause the violators of the laws to be prosecuted.

17. Lot owners, legal residents of the town of Hampstead only, who received their lots from former owners by permission of Trustees only, must be sure said deed is properly recorded with Cemetery officials, otherwise such ownership can not be recognized.

18. Persons wishing to convey the whole or any part of their interest in any lot shall procure blank deeds from the Trustees who on application will make and record the deeds if parties desire and pay for the same. Trustees shall have priority in purchasing these lots. In any event a lot cannot be purchased by a legal resident and then transferred or sold to any other person or persons who are not legal residents of the town.

19. These rules and regulations are subject to amendments at any regular town meeting.

These rules and regulations, with the exception of No. 3 shall apply to all Cemeteries in the Town of Hampstead. No. 3 to apply to West Hampstead addition and any other new addition only.

January 24, 1962

REPORT OF THE LIBRARY TRUSTEES

Your Library Trustees are again pleased to report increased use of the Library. This trend should continue to an even greater degree this coming year. With our community growing at a fast rate our Library services will be much more in demand.

During this past year our appropriation, over and above the running expenses, was used for the purchase of much-needed books. This helps, since it gives our many readers a much wider choice.

The trustees look with favor on the start of a small school library at the Central School, knowing that interest here will carry over to the Public Library.

We hope that our people all realize the help and interest of Mrs. Whiteneck in carrying on the work of the Library.

We acknowledge with thanks, the fine cooperation of the State Library, the gifts of both books and magazines from our many friends in town.

Respectfully submitted,

REV. THEODORE HADLEY
ESTHER ORCUTT
PEARL CORNWELL

THEODORE B. HADLEY
Treasurer for the Trustees of the
Hampstead Public Library

LIBRARIAN'S REPORT FOR 1961

The annual report for the Hampstead Public Library follows.

This is the tenth consecutive report submitted by your Librarian, she having previously served in that capacity for three years.

The Trustees and the Librarian appreciate the fact that you voted to raise the amount of money requested for books and other items. We are urged by the State Library to purchase more reference books and endeavor to bring our Library up to the standard in that respect. We are endeavoring to comply with their request. This year a new Rand McNally International World Atlas was purchased. Many years have elapsed since the last Atlas was purchased. More science books as well as biographies have been acquired. There is a great demand for both types of books as well as for fiction, as they are needed by the Central School pupils as well as those attending Pinkerton Academy and the Haverhill Trade School. Those of you who are parents realize what a great demand there is for these books when book reviews are coming up.

We are hoping to observe National Library Week in April. Your interest and cooperation will be greatly appreciated.

Two years ago, at the request of the State Library, the University of New Hampshire conducted a survey of all libraries in the State. Each Librarian was asked to answer numerous questions concerning her library. As a result of these findings a pamphlet has been prepared. You will find a copy in your local library.

On the 18th of January, through the kindness of Mrs. Clinton Kirkness, the Librarian was able to attend a meeting at the Exeter Library. The State Librarian, Mrs. Mildred Peterson McKay, was present. A round table discussion on the finding of the survey took place. Much information was gleaned from this meeting.

Too much cannot be said in recognition of the great help derived from the State Library by the books loaned by mail, as well as those received by Bookmobile which comes to the local Library from Exeter every two months. Last year we borrowed from the Bookmobile 232 fiction, 254 non-fiction and 755 juvenile, making a total of 1241 books. Approximately 75 books were received directly from the State Library.

In addition to the 475 regular borrowers registered, we have registered at the present time 72 summer residents. We are always glad to welcome this group to our Library. They have expressed their pleasure in visiting the Library and are grateful for the privilege of borrowing books.

Mrs. Richard Orcutt made it possible for the Librarian to get a 30% discount on books by transporting her to Campbell & Hall, Inc. in Boston. This discount was given because of the number of books purchased and means of delivery furnished.

Many thanks go to those who so kindly donate books and magazines to the Library. The Librarian extends sincere thanks to the Trustees for their wonderful cooperation during the past year.

Respectfully submitted,

BERTHA L. WHITENECK,
Librarian

Stanley P. Johnson (elected annually)	District Auditor
Lincoln K. Drake (elected annually)	District Auditor
Wendell V. Davis	Superintendent of Schools

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the twelfth day of March, 1962 at 7:00 o'clock in the afternoon to act upon the following subjects:

1. To choose all necessary School District officers for the ensuing year.

2. To hear the reports of Agents, Auditors and Committees, or Officers chosen and pass any vote relating thereto.

3. To choose Agents, Auditors and Committee in relation to any subject embraced in this Warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

6. To see if the district will vote to install additional toilet facilities and partitions at the Central School, to install a furnace in the gymnasium, and replace windows in the gymnasium with glass blocks, and authorize the School

Board to issue bonds or notes in an amount not to exceed Ninety-two Hundred Dollars (\$9,200.00) payable from funds to be raised by taxation, for the purpose of financing these projects.

7. To see if the district will vote to install additional toilet facilities and partitions at the Central School, and authorize the School Board to issue bonds or notes in an amount not to exceed Five Thousand Dollars (\$5,000.00) payable from funds to be raised by taxation, for the purpose of financing this project.

8. To see if the district will vote to raise and appropriate a sum not to exceed Twenty-seven Hundred Dollars (\$2,700.00) to provide and install a furnace for the gymnasium.

9. To see if the district will vote to raise and appropriate a sum not to exceed Fifteen Hundred Dollars (\$1,500.00) to cover a deficiency incurred during the current school year, such sum to be paid over to the School District Treasurer, prior to June 30, 1962.

10. To see if the district will vote to raise and appropriate a sum not to exceed Fifteen Hundred Dollars (\$1,500.00) to replace windows with glass blocks in the gymnasium.

11. To see if the district will vote to conduct the annual election of school district officials at the same time and at the same place as the election of town officials.

12. To see if the district will authorize the School Board, on behalf of the School District, to negotiate a contract with the trustees of Pinkerton Academy, for the education of School District students in Grades 9, 10, 11, and 12 for a term of not less than 15 years, which contract shall be subject to the approval of the School District, to be evidenced by a vote taken at a special meeting of the School District, called for that purpose.

13. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this twenty-fourth day of February, 1962.

CHARLES B. CLARK

JOHN J. MIRABITO

GLENDON N. EMERSON

School Board

The polls will be open to vote for district officers from 7:00 to 9:00 P.M. The other articles of the Warrant will be taken up at 8:00 o'clock.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your School Board has been operating during the 1961-62 year, and their estimated expenses for the year 1962-1963. It must be taken into consideration that monies appropriated in the month of March, to be used in the following year, do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

HAMPSTEAD SCHOOL BOARD

ADMINISTRATION

	Expended 1960-1961	Appropriated 1961-1962	Estimated 1961-1962	Proposed 1962-1963

SCHOOL DISTRICT OF HAMPSTEAD

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of Hampstead:

I am presenting herewith my Sixth Annual Report as Superintendent of Schools in Hampstead. Reports from the supervisors will discuss more in detail the activities of the school. Statistical reports are listed separately.

Personnel

One new teacher was added to the Central School staff in September. Mrs. Joan Tobey, a graduate of Keene Teachers College, with teaching experience in Glastonbury, Connecticut, and Salem, New Hampshire is teaching grade 4.

All teachers have continued membership in local, state and national professional organizations. Six teachers have taken courses this past year to improve themselves professionally.

The teachers have proposed a salary schedule for next year which the School Board has approved. This schedule is realistic and compares favorably with schedules in other towns and cities in the area. Such a schedule permits us to hire well-qualified teachers and encourages our younger teachers to stay with us, as well as rewarding our older teachers for their many years of experience. A feature of the salary schedule requires teachers to seek additional credits periodically in order to advance on schedule.

This year a part-time secretary has been hired to help relieve the Principal of a multitude of administrative details. By doing this, Mr. O'Shea was free to help and supervise the teachers during two periods of the day.

Curriculum

The Class in special education has continued to prove its worth. The New Hampshire Legislature, this past year, appropriated money to aid school districts in financing such classes.

Our remedial reading program has continued to help pupils improve their skills in reading.

We are continuing to take advantage of the excellent educational television programs broadcasted by Channel 11.

The School District has utilized funds provided by the National Defense Education Act for special projects in science, math and modern languages.

All the teachers and principals in Union No. 55, including the Central School personnel, have taken upon themselves to evaluate their own schools. This is a long-range program, and they will self-evaluate their school facilities, equipment, curriculum, subject matter, teaching methods and techniques. They will use as guides the latest evaluative criteria. From this study specific recommendations are expected and the teachers themselves will be much better teachers for having worked on the evaluation.

Naturally, we are constantly reviewing current trends, and if we find ideas that will help us, then we might do some experimenting. At present we are involved in departmentalization in the intermediate grades, which we feel has merit. Whether the subject is enrichment, acceleration, or the use of teaching machines, we wish to know what might be best for us.

I am pleased that the Central School is planning a school library. It is also pleasing to note our improved achievement and I feel that the single grades and smaller class size have had much to do with the improvement.

I am pleased with interest taken in the physical education program. This is in line with the thinking of the President's Council on Youth Fitness, and Mr. O'Shea and the teachers should be congratulated for their endeavors to improve the level of physical fitness of each pupil.

Housing

At this time there are two problems confronting the school district of Hampstead, namely what to do about increased enrollments in the early grades and what is the best way to handle high school enrollment.

As the elementary grades increase, more study can be given to this problem and one solution might be to re-activate the high school building.

An opportunity is presented to the School Board and citizens of Hampstead to sign a long-term contract with the trustees of Pinkerton Academy for the secondary school education of their children. This contract is a guarantee and will assure you of this education for 15 years.

It would seem wise to vote for this warrant article for the following reasons: (1) the education offered by Pinkerton Academy has always been above average, (2) there is no definite assurance that there will be any other opportunities in the near future to provide secondary educational facilities for all your children, (3) the cost to attend Pinkerton Academy will always be fair.

Your School Board has continued to maintain and improve the physical condition of the Central School. We have an excellent custodian who takes pride in the appearance of the school buildings.

Investing in Quality Education

The best way to attract good industry into the area is not to lower taxes. It is to have good schools.

Labor supply, land cost, utility rates and taxes all take a backseat to the schools. A research lab is only as good as the men who work in it—and these men will not go to a new location unless they can be guaranteed good schools for their children.

Support your School Board in its endeavor to provide quality education for your children.

Appreciations

Appreciation is expressed for the continued support and cooperation of the Parent-Teachers Association, the Civic Club and all other organizations.

I wish to thank the School Board, Principal, teachers and children for their cooperation in working at all times for a better educational program.

Respectfully submitted,

WENDELL V. DAVIS,
Superintendent of Schools

REPORT OF SPECIAL EDUCATION CLASS

Since last April the Special Education Class for Plaistow, Hampstead, Atkinson and Newton has been located in the former cafeteria at the Hampstead Central School. We have been provided with a large light room, ideal for our classroom and craft activities.

Our class started in September with 12 pupils; but in November, 3 were added, making a total of 15 pupils. We have 4 from Atkinson, 4 from Hampstead, 1 from Newton and 6 from Plaistow. These pupils range in age from 11 to 17, with varying abilities and personalities.

We start each day with devotional exercises followed by singing. Opportunity is often given for Telling Time, when pupils share experiences with the other class members. This encourages oral self-expression and improves spoken language. We have three arithmetic groups working at levels from 2nd to 5th grades, and three reading groups. Because of speech defects and various reading problems, pupils are working from primer level to third reader level. In the small groups pupils receive word drill, phonetic help, and basic reading skills besides oral reading.

Most of the language work is oral and pupils are encouraged to express themselves in good sentences and to speak clearly. Written language has been used to express capitalization and punctuation.

Handwriting skills are practiced several times a week and penmanship papers are turned in weekly to the principal's office along with those of other grades.

This year in social studies we are studying about New Hampshire. The pupils have taken advantage of the Hampstead television set to watch "The Story of the Granite State" each Monday. This is an educational program at 4th grade level from Channel 11. The pupils are able to see what they have been studying and so better understand their own state.

In science the students have studied about nature, the earth, the seasons and the weather. We have utilized the

Grade 3 Science Program on television, too, when the pupils have learned about aquariums, terrariums, the seasons, electricity, sound, the eye, the ear, and other basic scientific studies. One of the lessons led to a field trip to the woods and around Sunset Lake, where we collected specimens for a terrarium for our classroom.

In health we emphasize personal hygiene, cleanliness and the care of our bodies. Each week the Music Supervisor, Mr. Williams, has a 15-minute class, and classroom singing shows much progress over last year. Pupils were especially enthusiastic over Christmas music and at present are enjoying patriotic songs and learning our own state song, "Old New Hampshire."

An important phase of Special Class work is the Arts and Crafts program. Pupils are trained to use their hands and develop skills that may help later in earning a living. At Christmas time, decorations and various gifts were made by the children. Art work is varied to correlate with reading, social studies, science or health lessons. Each class member has made a woven reed basket and many have made gravel pictures and kitchen plaques. Future projects will include leather and felt work. Funds for craft work are limited and we are especially grateful to Mr. and Mrs. Fred Gray for donations of glitter, foil, glue and leather scraps. The class would appreciate any gifts of yarn for spool knitting and regular knitting. We would be most appreciative of any books of grades 1 to 6 reading level that interested persons may wish to donate toward establishing a library for the room.

The responsibility of the Special Class teacher provides a tremendous opportunity for service to youth, and is very demanding of her resources and abilities; however, it is probably one of the most rewarding areas in the teaching profession. I wish to express my sincere appreciation to the many people who have given their support and cooperation to the Special Education Class.

Respectfully submitted,

RUTH W. WEBSTER

REPORT OF THE PRINCIPAL

To the School Board and to the Superintendent of Schools:

I hereby submit my third annual report as Principal of the Hampstead Central School.

Enrollment as of December 1961

Grade 1	37
2	20
3	30
4	32
5	14
6	24
7	25
8	19
<hr/>	
Total	201

The enrollment figures, as compared to December 1960, show an increase of 15 students.

From January 14, 1961 to February 4, 1961, the students of Central School had an opportunity to participate in a bowling program. Each Saturday fifty to seventy-five students actually participated.

In the evening of April 10, 1961, the junior high class held its annual Science Fair, open to the public. The creative projects of the students are judged on the following criteria: creative thought, scientific thought, thoroughness, skill, clarity, and dramatic value. The winners were as follows:

- first place — Geotropism by Ronald Sakash
- second place — Irrigation System by Joan Kenney
- third place — Solar house by Patricia Howard and Sharon Poole

Hampstead basketball team played various school teams from the surrounding towns and finished with a record of five wins and six losses.

The Central School baseball team won the Eastern Division title in the Southeastern Baseball League, remaining undefeated in six games. In the championship games for the League title, Epping defeated Hampstead by scores of 13-5 and 6-2. The Central team certainly showed spirit and good sportsmanship throughout the whole season — a team that anyone would be proud of.

The addition of the new baseball diamond certainly received a tremendous amount of use, and with the league plans made for next year and years to come, certainly proves its necessity. On behalf of the students of Central School, I would like to thank the townspeople for the financial aid in establishing the baseball diamond and making such a program possible.

The following educational field trips were taken by the various grades throughout the year to enrich the various units being studied in our subject areas:

Grades 1 and 2 — Trip to Benson's Wild Animal Farm.

Grade 3 and Special Education Class — Trip to Hood's Cherry Hill Farm and Stoneham Zoo.

Grades 4, 5, and 6 — Trip to Boston, Mass., which included: Museum of Science, Bunker Hill Monument, Paul Revere House, Old Ironsides and Old North Church.

Grades 7 and 8 — Trip to Concord, N. H., which included visiting the New Hampshire Legislature in action.

The eighth grade graduating class also enjoyed their annual class trip which was to Old Orchard Beach in Maine.

Graduating exercises were held for twenty-five students at the Hampstead Congregational Church in June. The graduating class, through music and essays, presented a program entitled, "History of Education." The following students were presented awards:

Scholastic Achievement Awards: 1. Bruce MacLeod; 2. Graydon Stull; 3. Roger Murphy.

Science Award: Graydon Stull

Citizenship Award: John Boisse

Safety Patrol Awards: 1. Sharon Poole, Captain; 2. Patricia Howard, Sargent; 3. Bruce MacLeod; 4. John Boisse.

In September 1961, the students were welcomed back to school with a few changes in their curriculum: Grades 5 and 6 are now in the early stage of a departmental program. At present, Science and English are being taught by a different teacher in each home room. If this program has merit—after an experimental year of study and observation—the possibility of having a complete departmental program in 1962-63 for Grades 5 and 6 would seem very likely.

One day a week the students have a physical education program, which may take them out-of-doors or down to the Hampstead Gymnasium. The program includes fundamental skills, rhythmical activities, games, selftesting activities and various team games.

During the month of October, grades 1, 3, 5 and 7, and new students received their annual health examinations given by Mrs. Gwendolyn A. Banks, R.N., school nurse-teacher, Dr. Raymond Moore and Dr. William Hart.

Achievement tests and Mental Ability tests were also given during the month of October to determine the strength, weaknesses and progress of each child.

For the third year, parents had an opportunity to visit school at night, on November 6, 1961, in observance of American Education Week. During the same night and throughout the week, the New England Mobile Book Fair provided parents with an opportunity to purchase books.

A School Library has been planned for the children and should be in operation by the end of the school year. The library program will enable students to select books of their choice and give them additional aid in their educational program.

Hampstead Central has organized a basketball league this season, which includes Nottingham, Brentwood, Chester, Plaistow and Atkinson. The program consists of each team

playing ten games from December 11, 1961 to March 6, 1962. At the present time Hampstead has a record of three wins, no losses.

For the third year, Central is participating in the annual Spelling Bee sponsored by the New Hampshire Sunday News. The schedule is as follows: January-March 1 — school champion's selection; March 18-April 15 — regional champion's selection; April 23rd — State Championship Final Contest; June 3rd-9th — National Spelling Bee Week; June 6th — opening rounds, National Contest; June 7th — National Championship Finals. Last year, Marsha Brown represented Central School in the Regional Selection.

Students will have an opportunity to hear another delegate from the International Farm Youth Exchange. This year, during the week of February 12, 1962, Betsey Dodge will speak and show slides of her trip to Ireland.

In conclusion, may I take the opportunity to thank the School Board, the Superintendent and office staff, teacher-consultant, supervisors, nurse-teacher, parents and friends, and my teachers, for their support in carrying out another successful school year.

Respectfully submitted,

SETH O'SHEA

Principal

REPORT OF THE REMEDIAL READING TEACHER

It has been proved that, despite the able teaching of the primary teachers, the skillful construction of modern primary reading materials, and the wealth of suggestions available at this level, many children, for one reason or another, fail to develop basic reading skills satisfactorily. This is where the remedial reading teacher "steps in."

Aware that there are four aids to word perception, namely, configuration, context, phonics, and structural analysis, I put my greatest stress on phonics and structural analysis, leaving configuration and context to the basal reading instruction in the classroom. For the past two and one-half years, I have worked steadily developing these two skills. Results have been good, for the most part. Classroom teachers report, in many instances, that reading and other context subjects show improvement. Parents tell me that, for the first time, their children are reading at home and are enjoying it. The tests that were given by me last June show that of thirty pupils, these following gains, over the period of eight months, were made: 11 pupils up to 8 months; 9 pupils, 9 months to 1 year; 9 pupils over 1 year (some gained 2, 2½ years); 1 pupil, no gain.

No new reading aids were purchased, but those that I do have were in constant use. Ginn basal readers and the Readers Digest Skill Builders are basal readers in remedial reading classes. Dolch aids, the tachistoscope, phonic wheels, charts, and the Reading Accelerator have been most useful in helping the children to improve reading skills.

This year, my classes are as follows, every day for twenty minutes: Grade 2—8 pupils, Grade 3—9 pupils, Grade 4—5 pupils, Grades 5—4 pupils, Grade 6—4 pupils, Grade 7—3 pupils.

Because the first grade is so very large—there are 39 children—I take one of the slower groups of children every

day for twenty minutes, for a regular reading lesson. The first grade teacher teaches them again in the afternoon.

My junior high reading classes are taught every day; eighth grade reading for 50 minutes every morning; seventh grade reading for 50 minutes every afternoon.

It is a full schedule. There is no free time for extra testing of individuals. When testing becomes necessary, remedial classes are canceled for that period of time needed.

It is a rewarding kind of work, made so by the fine co-operation of my teachers who are working so hard to help their children "love to read."

Respectfully submitted,

CHARLOTTE ZIMMER,

Remedial Reading Teacher

REPORT OF THE NURSE-TEACHER

The School Health Program consists of yearly medical examinations by Dr. Raymond Moore or Dr. William Hart (Dr. Hart — 1961) and the Nurse-Teacher, G. A. Banks, R. N.

Grades 1, 3, 5 and 7 and new pupils are examined. Notices of defects are sent home to parents. A successful "follow-up" program has been carried out with the help of parents, clinics, and the School Health program.

Doctor's Examination

Number of pupils to receive medical examinations	115
Number of pupils with defects	23
Teeth	10
Orthopedic (feet — posture — scoliosis)	11
Enlarged spleen	1

Vollmer Patch Test was done in Grade 5-8, with Miss Constance Martin, R. N., N. H. Tuberculosis Nurse.

Number of pupils to receive test	105
Number to have X-rays	5
Number negative	100

Clinics attended were:

Orthopedic	1
Tuberculosis	2

Exercises were sent to parents of children with pronated feet.

All children receive a Hearing and Vision Test and Height and Weight.

Number of pupils done	221		
Height	298	Weight	298
Vision — 221, Defects 30 and 30 corrections			
Hearing — 221, Defects 12 infected ear, cerumen			
3 treated and 10 corrected			
Color perception in Fifth Grade, 46 negative and 1 positive			
Pre-school children checked for strabismus (cross eyes) 29 — all negative			
Number successfully vaccinated	42		

Number of communicable diseases reported to Nurse:

Chicken pox	11	Pink eye	1
Measles	5	Impetigo	5
Mumps	16	Pneumonia	1
Strep throats	6		

Cursory examinations are done the beginning of the school year and after each vacation to protect the pupils. This includes inspection of the head (for nits and bugs) — called pediculosis — five this year! Also the glands, teeth, throat, ears and hands. Done by School Nurse-Teacher.

Skin — impetigo — 5,	pediculosis — 5, 5 cor-
corrected 5	rected
ivy poisonings — none	body ring worm — 5, 5
	corrected

Defects found:

Teeth 114 corrected 105	Scalp 5 corrected 5
Posture 5 corrected 1	Tonsils 6 corrected 6
Speech none	
Number of visits to school	71
Number of visits to classrooms	70
Total inspections done by nurse	1583
Total first aids rendered by nurse	52
Cursory examinations	830
Home visits	71

(for sickness, referrals, “follow-up” work, conferences or guidance when requested.)

Audio-visual program and Health Talks in classrooms at teacher's request are part of the nurse's work. These are on Nutrition, Posture, Pronated feet, Vision, Hearing, Teeth, Clothing (according to the seasons), Sleep Habits, Personal Hygiene, Cleanliness in classrooms, corridors and lavatories — drinking fountain, etc.

Pre-school registration, Clinics, Parent and Teacher and Principal and Nurse conferences, also Principal and Nurse and Teacher and Nurse conferences.

Nurse-teacher is in Hampstead on Thursday and available at Pollard School from 8:30 to 9:30 in the morning —

EVERgreen 2-8861 — or through the Superintendent's office other days in emergencies.

It would be most helpful if parents would report to school any sickness or reason for absence of a child. Report to the school and the nurse all contagious and communicable diseases. It is noted that some dentists do not believe in corrections of first teeth, however notices to the parents of defects found on the Health and/or Medical Examinations are to acquaint the parent with what the doctor or nurse have found and not in any way a complaint. It is to help the children. Noted also is the belief that corrections for posture and postural difficulties and flat and pronated feet are best done by exercises.

GWENDOLYN A. BANKS, R.N.

School Nurse-Teacher

REPORT OF THE MUSIC SUPERVISOR

The purpose of the music program in the Hampstead school system is one of musical growth through individual enjoyment and appreciation. Musical skills are developed by each child in activities of singing, listening, creating, performing, music reading, and rhythmic work. Proper introduction and distribution of these activities permits and encourages a child to further explore various phases of music within the school, home, and community.

The basic core of primary grades is found in material which corrects insecure singers, develops good singing tone, and prepares each individual for intelligent music reading and appreciation.

Activities in the intermediate grades are geared to each child's musical needs, with emphasis on music reading, appreciation, singing in rounds and canons, singing games, performance, and beginning study on instruments and the

symphony with actual demonstration of various instruments. All musical activities in grade 1 thru 6 are judged and recorded with a system of stars. A chart is displayed in each classroom, and once a month a star is given, based on progress of the entire class.

The great emphasis in the upper grades is on appreciation. Since these formative years tend to mold many attitudes about fine arts, it is only proper that each child of this age group be introduced to the orchestra, program music, voice ranges and types, Broadway musicals, and operettas, in a manner which is pleasing and will tend to give a panoramic view of music to all the students.

All grades in Hampstead participated in the 1961 Christmas program which was prepared for the parents and guests of the children. The chorus of grades 7 and 8 sang numerous selections, while decorated in the shape of a Christmas tree.

In closing I would like to thank Mr. Davis, the School Committee, and the teachers, for the progress which has been made in music education during the past year.

Respectfully submitted,

EVAN R. WILLIAMS

Music Supervisor

SCHOOL CALENDAR

1961 - 1962

Principals' Meeting, Thursday, August 31
Teachers' Meeting, Tuesday, September 5
Fall Term Begins, Wednesday, September 6
Fall Term Closes, Friday, December 22
Winter Term Begins, Tuesday, January 2
Winter Term Closes, Friday, February 16
Mid-Winter Term Begins, Monday, February 26
Mid-Winter Term Closes, *Thursday, April 19
Spring Term Begins, Monday, April 30
Spring Term Closes, On or about June 19
Teachers dismissed, One day after schools close
* Schools in session in Atkinson on Good Friday.

(This closing date allows for 3 days closed due to inclement weather, but this will vary according to holidays observed in each town.)

HOLIDAYS

Teachers' Convention, Friday, October 20
Thanksgiving Recess, Wednesday, November 22 at noon,
November 23, 24
Memorial Day, Monday, May 30
The state law requires 180 days of actual school attendance.

ENROLLMENT IN HIGH SCHOOLS

The following tabulation shows the number of high school pupils, by grades, attending various schools and their respective tuition rates:

Grades	Sanborn Seminary	Haverhill Trade	Pinkerton Academy
9	2	1	25
10	0	1	11
11	0	1	16
12	0	1	13
